OCIO Leadership

U.S. Department of Health and Human Services

Our Vision

Our leadership team brings a broad range of expertise, vision, and commitment to advancing the HHS mission. With a focus on innovation, cybersecurity, data-driven decision-making, and strategic collaboration, they guide the Office of the Chief

infrastructure.

David Hong

David Hong

Acting Chief Information Officer

David Hong serves as the Department of Health and Human Services (HHS) Acting Chief Information Officer, leading technology strategy and innovation across the agency.

Principal Deputy Chief Information Officer

David Hong serves as the Principal Deputy Chief Information Officer (DCIO) at the U.S. Department of Health and Human Services (HHS). In this role, he supports the Department's enterprise technology strategy and leads initiatives to strengthen data governance, analytics, and secure information sharing to advance mission delivery across HHS.

Prior to joining HHS, Mr. Hong served as Chief Data and Artificial Intelligence Officer for the Office of Intelligence and Analysis at the Department of Homeland Security and previously held senior leadership roles at Capital One, Deutsche Bank, and Microsoft.

Vacant**Chief Technology Officer**

This position is currently vacant.

Arman Sharma**Deputy Chief Artificial Intelligence Officer**

Arman Sharma serves as the Department of Health and Human Services (HHS) Deputy Chief Artificial Intelligence Officer. He leads implementation of the HHS AI Strategy, AI policy,

and adoption of artificial intelligence across the Department. Sharma also works across HHS Divisions to enable AI and technology adoption across the health and human services sector.

Eric R. Sanders

Chief Information Security Officer & Executive Director, Office of Information Security

Eric leads the department's enterprise-wide cybersecurity and privacy program, which is responsible for securing HHS's information systems and safeguarding the sensitive data entrusted to the department.
